

Hi, I am

ASEP FAJAR NUGRAHA

Full Stack Engineer / **Front End** Heavy Preferred

As time went by, I ended up loving to work with pixels and all the visual/presentation layers. Also, the fact that a blank dark code editor can bring colors to the users, is so satisfying for me.

education

2007 - 2010 at **Politeknik Piksi Ganesha**, Bandung, Indonesia
Diploma of Informatics Management
